

**Title:** A Series of Unfortunate Events

**Author:** Lemony Snicket

**Genre:** Mystery

**Name of reviewer:** Skye Sutherland

**Plot summary (50 words):**

The Series of Unfortunate Events is thirteen or more unpleasant events for three very sad orphan characters. Having just escaped from the greedy and evil Count Olaf in the first book, the Baudelaire children are now taken to live with another relative, Dr Montgomery the herpetologist, until Olaf strikes again.

### **Why did you enjoy it?**

I enjoyed the book because it had mystery and misfortune twisted into the story line as the story progressed. It was also much better than the movie that was made a few years ago.

### **Who was your favourite character? Why?**

My favourite character was Violet Baudelaire. She is clever, pretty, witty and an excellent inventor. She spent most of her childhood inventing wonderful things of all shapes and sizes. Violet is the oldest of the three Baudelaire siblings.

### **Would you read another book by the same author? Why?**

Yes, I would read another book by Lemony Snicket because I like the way he builds up suspense in the books and the way he describes the character's personalities is really good.

### **Would you recommend your book to a friend?**

I would recommend this book to a friend of the same age as me because these books have a lot of great murder mystery that might scare younger children. But I still like these books.

### **Rating: How many "books" out of 5 would you give it?**
